

# **Harmony Riders Arena Record**

**Beginning with the May 2013 Harmony Riders Horse Show, we will begin tracking times in the Cloverleaf Barrels and Pole Bending classes.**

**Whoever has the fastest time in these 2 events at the end of the May show weekend will become the first official record holders. One for Cloverleaf, one for Pole Bending.**

**The fastest OVERALL time from entries in Junior A, Junior B, Senior, and Open classes will be eligible.**

**Once we have our first record holders, the record can be broken at any Harmony sponsored event in the future.**

**We will post current record holders and times on Facebook and at Harmony. We will possibly also post on our website as we update it.**

**We are looking into the possibility of a year end buckle to the two riders holding the fastest time at the end of each season. If anyone would like to sponsor a year end (or any other time) buckle, please let us know, it can be great advertising for you!**

**That's what we have for now, more to come as we develop this program.**

**Good Luck!**
