Any member wishing to join the Rodeo Drill Team must do so by Feb 1st. Non exhibitor members will be accepted after that date and be allowed to practice with the team toward future exhibitor goals.

All members pay an annual \$20.00 membership fee towards team needs. While the team will provide and fundraise for some items, most rider and horse attire will be self-funded. Members are expected to attend practices, meetings, and fundraisers as required by the team. See "Team Rules" below.

The team reserves the right to the final decision as to a member's qualification to be an exhibitor. Vote by ballot if needed.

In the event the team's active membership exceeds the current routine maximum, performance positions will be based on seniority. If a member takes a leave of absence from the team, in a non-participatory capacity, they forfeit their seniority. Upon return to the team, if not active/paid dues, seniority begins as a new non-probationary member. To maintain an active leave, dues must be paid and member must remain reasonably active on the team (such as ground coaching, volunteer at fundraiser, etc). BOD will have final say on if a member qualifies.

Financial:

The Rodeo Drill Team shall make every effort to be self-funded. The Treasurer will account for all monies specifically raised for the drill team. Any cost incurred prior to an available balance must be approved by the club.

All purchases made must be accompanied with a detailed receipt. All financial records should include the use of the financial accounting form. No one under the age of 21 will be allowed to handle money at any time without direct adult supervision.

All Rodeo Drill Team members are representatives of Harmony Riders Association and should conduct themselves accordingly. At no time should a team member send any person correspondence in the name of Harmony Riders without the consent of the Board of Directors.

Year End:

Financial records are reviewed. A year-end financial report will be submitted at the November regular Harmony meeting. The Team Financial Delegate will balance the financial form with the Treasurer at this time. Any monies left as a positive balance are carried over to the following year and will be immediately available. Any monies left as a negative balance are carried over to the following year and any negative balance must be satisfied before any future expenditure will be authorized. This financial statement supports the Rodeo Drill Team's intent to be self-funded.

TEAM RULES/REQUIREMENTS:

Probation:

- The first year a member joins will be a probationary year. This means they must adhere to attendance requirements as if they were a performing member. During the probationary year, the BOD may decide if the probationary member may take or fill in for a permanent riding position if needs arise.

Skills Requirements:

- Pass riding evaluation with your horse:
 - Rider evaluation/reevaluation is designed for new people joining the team or a team member riding a new horse.
 - Skills will be assessed throughout the probationary period.
 - As long as same horse & rider combination is kept, there is no need to reevaluate. (But they may be held from performances if adequate knowledge and ability to perform routine is not demonstrated).
 - The evaluation is to determine the present ability, willingness, &/or potential of horse & rider to perform the moves required while accepting other horses in close proximity.
- Ride western, 2-handed direct reining (unless flag being carried) - W/T/C. Whoa. Back. Stand.
- Highly recommended that horse can: half halt, pivot on forehand and haunches, side pass, half pass.
